In all fairness, the Mayor does not have the authority to terminate an employee - The authority rests solely with the City Administrator by ordinance – 1-313 (f). The City Administrator shall act as the personnel officer of the city.....after consultation with Department Heads shall approve terminations and advancement of such employees.

Fyi. It looks like they are getting closer on the Swaby allegation. I suggest we prepare in advance the PVPD and City public responses just in case. Another task for Shockey?
